December 22, 2025

Dr. Rachael Fletcher, Director, Central Region
Ministry of the Environment, Conservation and Parks
Place Nouveau
5775 Yonge Street, Floor 8
North York, Ontario M2M 4J1

Dear Dr. Fletcher:

**RE: Durham/York Energy from Waste Project
Ambient Air Monitoring 2025, Third Quarterly Report (Q3)
(Environmental Assessment Condition 11)
MECP File #: EA-08-02**

In accordance with the approved Ambient Air Monitoring and Reporting Plan and the Ministry of the Environment, Conservation and Parks' (MECP) Ambient Air Monitoring Guideline, the Regional Municipality of Durham and the Regional Municipality of York (Regions) re-submit the Third Quarterly (Q3) Ambient Air Monitoring Report for calendar year 2025, covering the period from July to September 2025. The original Third Quarterly (Q3) Ambient Air Monitoring Report for 2025 was submitted on November 14, 2025. This resubmission is necessary because the initial report incorrectly stated that the September 10 sampling results were unavailable due to laboratory delays. Our consultants later clarified that this statement was inaccurate; the sampling was not performed because of equipment damage.

The report has been prepared by RWDI Air Inc. who was awarded the ambient air monitoring and reporting contract for the Regions. The Regions are available to discuss the report at your convenience.

Sincerely,
