**Re: Durham York Energy Centre, EA Condition 18:
Odour Management and Mitigation Plan
For the Durham York Energy from Waste Facility**

Dear Ms. Januszkiewicz and Ms. McDowell,

At a teleconference held June 26, 2012 between the regions and the ministry, the ministry requested that the regions provide a letter outlining clarification on the revised April 2012 Odour Management and Mitigation Plan. The letter sent by the regions on July 30, 2012 has been received and satisfactorily addresses the ministry's comments provided at the teleconference. I understand this letter will be appended to the April 2012 Plan.

I consider Condition 18.1, 18.2 and 18.3 of the Minister's Notice of Approval for this project conditionally satisfied with the understanding that the standard operating procedures (SOPs) and maintenance schedules will be developed following the completion of detailed facility design.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dolly Goyette".

Dolly Goyette
