Dear Ms. Dugas:

**RE: Durham/York Energy from Waste Project
Durham York Energy Centre Soils Testing Report Submission
Certificate of Approval: #7306-8FDKNX**

In accordance with Certificate of Approval Condition 15(4), the Regional Municipality of Durham and the Regional Municipality of York are pleased to submit to the Ministry of the Environment and Climate Change (MOECC) the enclosed Soils Testing Report for the first year of facility operation of the Durham York Energy Centre. A qualified independent consultant, WSP Canada Inc., was retained to conduct soils testing, in accordance with the Soils Testing Plan. Sampling was conducted in late August 2015 and submitted to a certified laboratory for analysis. Laboratory results were provided to the consultant on September 25, 2015, which completed the soils testing event.

We trust that the Soils Testing Report meets the requirements of Certificate of Approval Sections 15(4). If you require additional information, please contact the undersigned.

Sincerely,
