April 8, 2016

Celeste Dugas, Manager,
York Durham District Office
230 Westney Road South, 5th Floor
Ajax, ON L1S 7J5

Dear Ms. Dugas:

**RE: Durham/York Energy from Waste Project
2015 Durham York Energy Centre Annual Report Addendum
Environmental Compliance Approval Condition 15 (1)
MOECC File No.: EA-08-02**

On March 31, 2016, The Regional Municipality of Durham and The Regional Municipality of York (Regions) and Covanta submitted the 2015 Durham York Energy Centre (DYEC) Annual Report, covering the 2015 calendar year, in accordance with Environmental Compliance Approval (ECA) Condition 15 (1).

An error in the report was identified under Section 16 - Advisory Committee Meetings. The report incorrectly states that the meetings of the Energy From Waste Advisory Committee (EFWAC) were advertised in advance in the local papers. In actual fact, the meeting notices are posted on the DYEC website and the Regional Municipality of Durham calendar but are not advertised in the local papers.

There is no requirement in the Environmental Assessment Notice of Approval or the EFWAC Terms of Reference that the meeting notices must be advertised in local papers.

We would also like to take this opportunity to provide a point of clarification with regards to Section 7.2 under the subject of continuous emissions monitoring. The Relative Accuracy Test Audit (RATA) was completed on the DYEC CEMS on September 24, 2015. With the completion of the RATA, the posting of the emissions monitoring data on the Regions' website commenced. The date of commencement of the posting of data to the website occurred on September 28, 2015.

If you require any further information, please contact the undersigned.

Sincerely,

Mirka Januszkiewicz, P.Eng.
