-	-	-	The Regional Municipalities of Durham and York released a Notice of Commencement on July 3, 2019 for the Environmental Screening Process to increase the waste capacity from 140,000 tonnes of waste to 160,000 tonnes of waste per year at the Durham York Energy Centre.	Inquires received through the Environmental Screening Process will be addressed and reported to the MECP through the Record of Consultation for the Project.	-	-
1	October 21, 2020	Phone call to the DYEC Project Team	Received a call from Sustainability Manager for St. Josephs Hospital. Caller has some questions about differences between mass burn and gasification technologies, how our facility operates and what we are able to recover in terms of metals and electricity. They also had questions if we accept waste from healthcare facilities.	Answered their questions and provided them some direction to annual reports, and the screening process for some additional information. Also advised that the DYEC cannot accept waste from healthcare facilities.	October 21, 2020	AE
